Andrew Fannin advised that they have 4 sub-contractors that are working for them and all four contractors have door hanger signs explaining what they are doing. He will be sending an email and as soon as I get this email, I will forward it on to you guys.

Lawson advised he had been called a couple times this week with Semi trouble. What can we legally do there are no signs out in the county saying this way to 65. How do we approach that? Ben advised he can get ahold of the guy in charge of the Shelbyville INDOT district and see if maybe we can get some Interstate 65 signs. Taylor advised that unfortunately Google maps says they can save 4 to 6 minutes going down Smithland Road even though we all know that is not correct. Maybe also work with Shane Peters to stop people and put signs at 44 & McKay to tell them to turn to go to 65. This was information only, no action was needed.
