MISCELLANEOUS:**SPEEDWAY SOLAR COMMENTS AND QUESTIONS:**

James Ramsey asked for Speedway Solar to be put on the Agenda next week and maybe try to have them there to talk about the fire that they had over the weekend. Danny Norris and Peyton Jones with Speedway Solar were in the audience. Danny explained it was a failed transmission from a faulty wire. Danny advised this does happen occasionally. Danny advised they have had a training scheduled with the fire department and it is actually tonight. Blake Newkirk asked if there are people that work from them local that can respond with the Fire Department. Norris advised yes, they have 3 people that work for them and they have a response time of 15 minutes in case anything happens. The fire department will not enter inside the fenced area without an employee for fires. Both sides have agreed on this. Norris also advised the landscape is in the works to get to Desiree for approval. They are hoping to have everything finished up in 6 weeks or so. No action was taken.

There being no further business to come before board. A motion to adjourn was made by
Lawson, seconded by Runnebohm, approved 3-0.
