

The Shelby County Commissioners met on Monday, September 28, 2026, at 8:00 a.m., and the present were Commissioners Abel, Lawson, Runnebohm and County Auditor.

MINUTES:

Motion to table September 21, 2026, minutes was made by Lawson, seconded by Runnebohm, approved 3-0.

JODY BUTTS: AMENDED TITLE VI NONDISCRIMINATION PLAN & RESOLUTION:

Jody presented the Commissioners with the annual review of the Title VI Plan. This year there were minimal updates, primarily updating the organizational chart, and then we have a new translation services provider, so we updated that information as well. This is required for any local government entities that receive federal funding, specifically the Community Crossing Grants we receive from the state. Jody wanted to add that the ADA Plan also is something that we review. It was updated last year, so it is not on the agenda today, but just to make sure on any public meeting agendas, we are including the ADA language. Motion to approve the Plan and Resolution 2026-11 was made by Lawson, seconded by Runnebohm, approved 3-0.

UTILITY REQUESTS:**NINESTAR:**

Ninestar is requesting for a right of way permit to move 2 handholes south of 3816 N 575 E, Shelbyville. These were installed to close to the road and need to be moved. It was an emergency repair, and another company did it for them, so they are going back and fixing them. Motion to approve was made by Lawson seconded by Runnebohm, approved 3-0.

ITG for TDS is requesting to install fiber optic cable on 350 S & 500 E, starting near 5249 E 350 S, Waldron. Motion to approve was made by Lawson, seconded by Runnebohm, approved 3-0.

ITG for TDS is requesting to install fiber optic on E. Michigan Road, 600 E, 425 S & 350 S, starting near 6069 E Michigan Rd., Waldron. Motion to approve was made by Lawson, seconded by Runnebohm, approved 3-0.

SHERIFF:

N/A

HIGHWAY:

Ben advised they will be submitting the 2027 CCMG Grant this week. Ben also advised Smithland Road will be closed this week and possible next week. They will be starting on the culverts at Tucker Road & 225 S and 200 W & 250 S. They were unable to do this last week because the gas company requires they be on site whenever they dig in case the line gets hit and they could not do it last week. This was information only; no action was needed.
